- Completion / Handover

Peter Kachrimanis

**Client Director Government,
Education & Community VIC**

Peter has 17 years banking experience in a variety of relationship and debt structure roles covering the Healthcare & Education sectors funding capital works programs across both sectors.

Peter is committed to the Independent School sector in Victoria and understanding schools strategic plan, core capital and operational needs and ensuring banking solutions meet schools' requirements.

Construction financing expertise and project **risk management**

NAB has extensive experience in financing commercial construction projects of all sizes and across all industries.

Our Construction Risk Management Team have the expertise to support your School's Master Plan Projects, via the provision of industry guidance, due diligence and project oversight.

While each project will be different in terms of cost, timeline and complexity, our team can provide valuable input including:

- Review and feedback on all construction related documentation and key consultants/proposed builders; and,
- The appointment of a quantity surveyor, and the review of progress claims where appropriate.
